# Sier

Our creation studio brings together a team of designers and professionals forged on the factory floor, therefore, connoisseurs of the good woodworking.

We serve all Brazilian states and, since 2009, export to 12 countries, and participate in major design events such as Salone del Mobile and ICFE NY.

Creating original, long-lasting products for the high-end furniture customers inspires us to innovate constantly

The 670.000 Sq.ft. industrial facility combines robotic machinery and traditional craftsmanship, together with high production capacity, autonomy and quick delivery.

The quality of the materials and finishes are the hallmarks of Sier's furniture, which counts on our warranty and technical service.
